Metro respects civil rights

Metro fully complies with Title VI of the Civil Rights Act of 1964 that requires that no person be excluded from the participation in, be denied the benefits of, or be otherwise subjected to discrimination on the basis of race, color or national origin under any program or activity for which Metro receives federal financial assistance.

Metro fully complies with Title II of the Americans with Disabilities Act and Section 504 of the Rehabilitation Act that requires that no otherwise qualified individual with a disability be excluded from the participation in, be denied the benefits of, or be subjected to discrimination solely by reason of their disability under any program or activity for which Metro receives federal financial assistance.

If any person believes they have been discriminated against regarding the receipt of benefits or services because of race, color, national origin, sex, age or disability, they have the right to file a complaint with Metro. For information on Metro's civil rights program, or to obtain a discrimination complaint form, visit www.oregonmetro.gov/civilrights or call 503-797-1536.

Metro provides services or accommodations upon request to persons with disabilities and people who need an interpreter at public meetings. If you need a sign language interpreter, communication aid or language assistance, call 503-797-1700 or TDD/TTY 503-797-1804 (8 a.m. to 5 p.m. weekdays) 5 business days before the meeting. All Metro meetings are wheelchair accessible. For up-to-date public transportation information, visit TriMet's website at www.trimet.org.

Metro is the federally mandated metropolitan planning organization designated by the governor to develop an overall transportation plan and to allocate federal funds for the region.

The Joint Policy Advisory Committee on Transportation (JPACT) is a 17-member committee that provides a forum for elected officials and representatives of agencies involved in transportation to evaluate transportation needs in the region and to make recommendations to the Metro Council. The established decision-making process assures a well-balanced regional transportation system and involves local elected officials directly in decisions that help the Metro Council develop regional transportation policies, including allocating transportation funds.

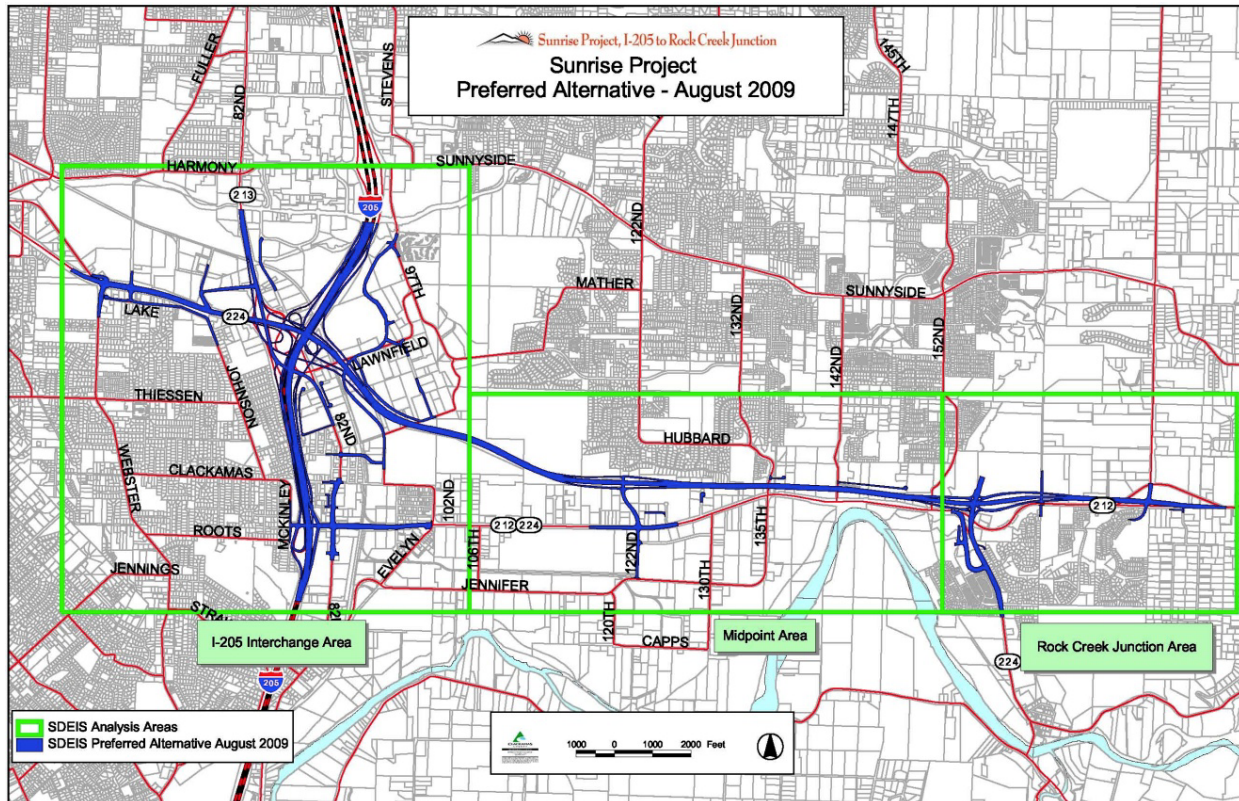

Regional Transportation Plan website: [**oregonmetro.gov/rtp**](http://oregonmetro.gov/rtp)

The preparation of this strategy was financed in part by the U.S. Department of Transportation, Federal Highway Administration and Federal Transit Administration. The opinions, findings and conclusions expressed in this strategy are not necessarily those of the U.S. Department of Transportation, Federal Highway Administration and Federal Transit Administration.

Sunrise Project Preferred Alternative

In July 2009, the project's Policy Review Committee (PRC) selected the Preferred Alternative for the Sunrise Project.

The Preferred Alternative is Alternative 2 as studied in the SDEIS with Design Options C-2 and D-3 and a portion of Design Option A-2 (Tolbert Overcrossing). Additionally, the Preferred Alternative includes several refinements to the individual portions of the SDEIS alternatives and a limited number of refinement alternatives that were not studied as part of the SDEIS alternatives. These refinement alternatives are based on stakeholder input and additional design refinement related to assessment of environmental resource avoidance and analysis of traffic performance.

The following more completely describes the Preferred Alternative from west to east:

In the **I-205 Interchange Area**, the Preferred Alternative consists of:

- Alternative 2 with the addition of the Tolbert Crossing from Design Option A-2
- The Sunrise Project western transition to the Milwaukie Expressway is widened within the existing right-of-way for OR 224 and extended farther to the west past Webster Road.

- The Lake Road intersection with Webster Road is closed and traffic re-routed eastward to the revised OR 224 / Pheasant Court intersection;
- Access from Johnson Road (south of OR 224) to OR 224 is re-routed westward along Lake Road to a new connection at the existing OR 224 / Pheasant Court intersection.
- The southern leg of the existing OR 224 / Johnson Road intersection is closed.
- The Deer Creek Lane / Johnson Road connection is relocated to the west at the existing intersection.
- The Lawnfield North extension alignment is shifted to avoid impacts to the KEX site historic resource (copper ground wire mat) and other cultural and natural resources in the area between the existing Lawnfield Road and 97th Avenue.
- The additional of the Tolbert Overcrossing (Design Option A-2) to Alternative 2.
- 3rd Westbound Lane on OR 212 / 224 from I-205 to 102nd Avenue with the dedicated right turn lane at 82nd Drive.
- 82nd Drive and its intersection with OR 212/224 are expanded to improve overall mobility by:
 - Restricting all left-turns at this intersection and adding a raised median both north and south of the existing intersection.
 - 82nd Drive is widened and a new signalized intersection at 82nd Drive and Clackamas Road is created to accommodate U turns including trucks.
 - 82nd Drive is widened and the existing signalized intersection at 82nd Drive and the northern Fred Meyer access point is reconfigured to accommodate U turns including trucks.

In the **Midpoint Area**, the Preferred Alternative consists of:

- Alternative 2, the narrow diamond interchange at 122nd Avenue with a connection to OR 212/224 at 122nd Avenue.
- Design Option C-2, the southern-most alignment between the mid-point and Rock Creek interchanges -.
- The multi-use path that was planned between I-205 and the Midpoint Area will be extended along OR 212/224 to the Rock Creek interchange based on stakeholder and agency input.

In the **Rock Creek Junction Area**, the Preferred Alternative consists of:

- Design Option D-3, a Single Point Urban Interchange (SPUI)
- The eastern leg of the Goosehollow Drive / OR 224 intersection would be closed.
- A right-out-only access end of Orchard View Lane to northbound OR 224 will be created from the as an access mitigation measure.
- A 162nd Avenue connection to OR 212 will be created at the NE corner of the Orchard Lake neighborhood as an access mitigation measure.
- Existing OR 212 will become a cul-de-sac just east of 162nd Avenue.
- The Sunrise Project eastern transition reconnects with OR 212 east of the 172nd Intersection with OR 212.
- The Sunrise Project southern transition reconnects with OR 224 at Eckert Lane

If you picnic at Blue Lake or take your kids to the Oregon Zoo, enjoy symphonies at the Schnitz or auto shows at the convention center, put out your trash or drive your car – we’ve already crossed paths.

So, hello. We’re Metro – nice to meet you.

In a metropolitan area as big as Portland, we can do a lot of things better together. Join us to help the region prepare for a happy, healthy future.

Metro Council President

Lynn Peterson

Metro Councilors

Ashton Simpson, District 1

Christine Lewis, District 2

Gerritt Rosenthal, District 3

Juan Carlos González, District 4

Mary Nolan, District 5

Duncan Hwang, District 6

Auditor

Brian Evans
