Las Flores Apartments

*S. Beavercreek Road - Oregon City - Community
Development Partners and Hacienda CDC*

Las Flores Apartments, a partnership between Community Development Partners (CDP) and Hacienda CDC, is a multi-building complex set around a central green space to be designed as a publicly accessible park. Apartments are a mix of one-, two-, three- and four-bedroom units, with 75% being two-bedroom and larger. CDP and Hacienda have designed Las Flores to house and support several high barrier groups, including:

- Agricultural workers - supported by the Agriculture Workforce Housing Tax Credit (AWHTC), 12 units are set aside for agricultural workers and their families. Las Flores will provide year-round, off-farm, permanent housing with programmatic elements designed with farmworkers in mind.
- Families at or below 30% AMI including people with rental barriers - 70 project-based vouchers to support these vulnerable households.
- Homeless households - nine apartments set aside for permanent housing for people who have experienced homelessness.

Located minutes from Clackamas Community College in Oregon City, the site rests on a hillside abutting a quiet residential neighborhood. The site design includes a series of amenities (community gardens, walking paths, play areas, picnic/BBQ areas and parking spaces) within a park-like setting, preserving several clusters of existing mature trees. The project also includes a community room and demonstration kitchen for events/classes.
